HOT SPRINGS ARK., SWEEP BY FLAMES

Fire Destroys Sixty City Blocks With Terrible Loss of Twelve Millions

PRINCIPAL BUILDINGS OF CITY WERE BURNED

No Fatalities Reported—2000

Homeless—Fire Started in Negro Cabin

HOT SPRINGS, Ark., Sept. 6.—A review of the conditions this morning shows that the fire starting in a negro cabin late yesterday and controlled at 3 o'clock this morning, destroyed sixty city blocks here, with a loss of \$12,000,000. The fire burned an area one mile and a half long and half a mile wide. It is believed there were no fatalities. The citizens held a great mass meeting today and laid plans to aid the homeless who are without shelter, and a relief fund was started. The homeless will be sheltered and fed as long as necessary. Much of the famous hotel district is in ruins.

FIRE DEVASTATED MANY OF PRINCIPAL BUILDINGS
HOT SPRINGS, Ark., Sept. 6.—Fire which started in a negro cabin at 3:30 yesterday afternoon, was slowly dying out at the foot of West Mountain, the southern extremity of Hot Springs, at midnight, after reducing to a smoldering mass of wreckage an area more than a mile in length and from seven to ten blocks wide, covering a total of sixty blocks, in the eastern section of the city. The monetary loss is roughly estimated at \$10,000,000.

Gov. Hays arrived in Hot Springs late last night, expecting to order a military patrol of the burned district this morning. United States troops were expected from Little Rock to add to the guard on the military reservation.

In the path of the flames were many houses, hotels, a number of more pretentious residences and public buildings, which are in ashes. It is estimated that 2000 persons are homeless. So far as can be ascertained there were no fatalities and the few persons hurt suffered only minor injuries.

Buildings Destroyed
Among the buildings destroyed were: The city's light, water and power plants, county courthouse, high school building, Park Hotel, Moody Hotel, Princess Hotel, St. Louis, Iron Mountain and Southern Railroad station and shops, the Arkansas Sanatorium. Smaller buildings by the hundreds were reduced to ashes.

A few of those whose homes were burned saved any of their household goods and guests on the hotels gave little heed to their valuables and luggage in their efforts to escape.

WILLARD HEARING WAS CONTINUED UNTIL MONDAY

LOS ANGELES, Sept. 6.—The Willard hearing on the charge of the murder of "Bull" Young was continued until Monday after the court day had been spent in hearing testimony of the witnesses. Dewitt Van Court and Matt Sullivan, sporting writers, and Anthony Surgeon Malsch testified.

The district attorney's office admitted that it will prosecute on the second count of the complaint, charging violation of the prize fight law.

POINCARÉ TO ATTEND RACES

PARIS, Sept. 6.—President Raymond Poincaré today formally accepted an invitation to attend the opening of the international aviation contest at Rheims on September 28, and the international balloon races at Paris on October 12.

Lost Girls are Found in House Opposite Home

ONTARIO, Cal., Sept. 6.—After officers had searched for two days for Mildred Rowe, aged sixteen, and Alice Harris, aged fifteen, of Cucamonga, who had disappeared, the girls were found today at the home of Mrs. Stella Todd by Deputy Sheriff Hirsch. The Todd house is directly opposite the Rowe home at Cucamonga, and children playing in the street heard the girls laugh, and notified their parents.

Mrs. Todd refused to permit the officers to search her house. Later they entered with a search warrant and found the girls. Mrs. Todd was arrested on the charge of enticing the girls from their home. The woman said she had promised to befriend the girls because of their claims of trouble at home.

NATIVE SONS AND DAUGHTERS AT OAKLAND FOR JUBILEE

OAKLAND, Sept. 6.—Visiting delegations of the Native Sons and Daughters have been arriving here all day for the celebration of Admission Day beginning tonight and closing Tuesday. The program tonight and tomorrow includes competitive band contests, a regatta on Lake Merritt and an electric parade.

IT'S ALL RIGHT TO HISS

LONDON, Sept. 6.—When the Swansea Asizes today formally entered an award of \$250 damages to Alfred Pratt against Herbert Taylor, it settled the question of whether a spectator in a music hall or theater can hiss something he doesn't like. Pratt didn't like one of the songs sung by Mlle. Payne at Cardiff Empire Music Hall and he expressed his disapproval in the customary fashion. He was forcibly ejected by Herbert Taylor, manager of the place. Pratt's attorneys established the right of a spectator to applaud on the grounds that it was criticism. Hissing, therefore, they argued, was criticism also. Pratt was within his rights.

MUNICIPAL HOTEL IN GERMANY

BERLIN, Sept. 6.—Work was begun today in the City of Duisburg, on the Rhine, on what will be the first municipally owned hotel in the German Empire. There has been need of a first class hotel here for some time, but no one cared to build it owing to unfavorable financial conditions. The city council therefore decided last week to build it and run it. The plan will be closely watched by other cities.

DOPE FIEND, CRAZY FOR DRUG, FORGES NAME OF DOCTOR TO PRESCRIPTION

A chase of four blocks on the streets of Santa Ana last evening ended in the capture of a man who had presented a forged prescription at Mateer's drug store on West Fourth street. The prescription was written on one of Dr. H. S. Gordon's blanks and had his name forged to it. It called for thirty ounces of morphine. The man came into the store at about 8 o'clock last evening and presented the prescription. Mr. Mateer at once examined it and suspected by its unusual appearance that the paper was a forgery. When he stepped to the telephone to ask Dr. Gordon regarding the genuineness of the order, the man suddenly became nervous and said that his mother was about to leave on the car, and that he would have to see her off.

MORGAN & CO. PULL OUT AS FISCAL AGENTS OF ROAD

Road Ordered to Install Safety Appliances of All Kinds as Are Needed

NEW HAVEN, Conn., Sept. 6.—Testifying at a public investigation of the New Haven railway disaster at Wallingford last Tuesday, Engineer Miller of the wrecked train, said that for a week previous he had covered his own run and the run of another engineer who is ill. He said he did the work of two engineers without stimulant, and slept only when he had an opportunity between runs.

MORGAN CO. DRAWS OUT FROM COMPANY AS AGENT
NEW YORK, Sept. 6.—J. P. Morgan & Co. has served notice upon the New York, New Haven and Hartford Railroad Company of their intention to end their connection as fiscal agents of the road. This notice was made public yesterday by the New Haven's executive committee. The committee authorized the president to install without stint safety appliances and signals to insure the safety of passengers.

SAN DIEGO DEAD—HOME BLOWN UP

SAN DIEGO, Sept. 6.—Peter Hansen, an aged and retired capitalist, was killed by a supposed dynamite explosion wrecking his home on the outskirts of the city at 3:10 o'clock this morning. The explosive was placed on a sill in the house foundation directly under Hansen's bed. It is believed Hansen was the only occupant of the house.

Chief of Police Wilson, after an investigation, said he was convinced the explosion had been caused by a black powder, not dynamite. Pieces of the powder and section of the fuse were found. Chief Wilson said Hansen had long associated with a Socialist organization here. The motive for the crime cannot be explained.

MOTORCYCLE MINUTE MEN

EVANSVILLE, Ind., Sept. 6.—According to plans made today, Evansville soon will have a troop of motorcycle minute men as an auxiliary to the United States reserves. Evansville is following the example of several Kansas cities and towns which have similar organizations which have proved a great aid to local officials in apprehending fugitives from justice. The motorcycle troops also have been of great aid to county authorities in eliminating speeding by touring automobilists.

DES MOINES OFF TO REVOLUTION SCENE

WASHINGTON, Sept. 6.—Orders have been issued by the war department for the cruiser Des Moines to sail from Venezuelan ports for Puerto Plata, San Domingo, where a revolution has broken out. The state department hears that practically all ports there have been closed to prevent the import of ammunition.

GAMBLING-BOOZE JOINTS RAIDED AT LOS ALAMITOS

County Officers Descend Upon Places Where Evidence Had Been Secured; Liquor, Money, Cards and Six Men Taken

Sonoratown at Los Alamitos got its dose of medicine last night. A portion of the sugar town has been running lawless for a time, and needed straightening up. That dose was administered through a raid conducted by District Attorney L. A. West and Sheriff C. E. Ruddock last night upon two poolrooms, the Orange County Hotel, Joe Bredino's house, and Fred Kemmerer's barn. With armed men appearing suddenly at the rear and front of each poolroom, several dozen occupants were held while the officers went through the places. In one poolroom a card game was interrupted, but two men wanted dived out of a window and got away in the darkness. In another poolroom, the proprietor, interrupted as he sat at a table drinking beer with a number of companions, got out through a secret door and was not found last night.

Ten days ago local officers were turned loose on Los Alamitos, from which place reports had come of utter disregard among some of the Mexican population of the prohibition and anti-gambling laws.

The officers found that two poolrooms on Pine street were running wide-open. Joe Bredino was running one of the joints, with a poker-room in the rear and beer close at hand for his customers. The other was run by Ramon Reyes and Jesus Savala, who had a poker-room in which they kept a small supply of beer, his main supply being hidden in some other building. These were known to be the joints that deserved the severest lesson, for the proprietors had openly boasted of things they would do should officers ever dare to raid them.

In the last week the district attorney's and sheriff's offices were in constant touch with the situation, and evidence was accumulated. There remained only the finale to be pulled off. Last night Justice Cox was called to the courthouse, and there complaints were sworn to by Under Sheriff Law, Deputy Dean and Constable Heard. Fourteen warrants were issued, for ten defendants. Search warrants were secured, and at 8:30 o'clock the expedition headed for Los Alamitos. Eight automobiles, including a truck, were in line. Near Los Alamitos the lights were extinguished, and at the schoolhouse the machines were left in charge of Deputy Sheriff Edw. Squires. At that point, Constable Rice of the sugar town, met the sheriff's men and district attorney West and Deputy District Attorney Walter Eden.

Sheriff Ruddock and Under Sheriff Law detailed their men and the start was made. Sheriff Ruddock headed a party in which were Deputy James Stacey, Sam Burke, Ike Fields, Constable Rice and W. W. Vestal, that took Bredino's poolroom. Under Sheriff Law with Deputies Glover and Dean, Constable Schumacher of Placentia and A. Henderson of Fullerton went to Reyes & Savala's poolroom, and Constable Heard, Constable Clark and Jerome Fulmon went to the Orange County Hotel.

Bredino Escapes
There was an exciting two minutes at Bredino's place. When the officers came in from the rear, Bredino and A. Gonzales, charged with bootlegging, were sitting at a game of poker with three Mexicans. At the first intimation of trouble, Bredino and Gonzales threw themselves out of a window. Vestal saw them run, and fired a shot at the ground behind them. Instead of stopping the pair ran all the faster for cover and quickly disappeared in the darkness.

Stacey burst into the poker-room, raked up the coin, about \$15, and cards, and turned them over to the sheriff. Francisco Garcia, one of the gamblers, made a break through the poolroom for the front door, Stacey close behind him. Suddenly Garcia saw Sam Burke guarding the front door, a big revolver in his hand. Garcia dived into a corner and threw his

WITH BIG TUNA ON LIGHT TACKLE, HE GETS CLUB RECORD

Yesterday two fine tuna were caught from the launch 9-9 a mile and a quarter off the beach between Newport Beach and Balboa, one of the big fish by Victor Walker and the other by T. J. Lewis. Walker's weighed 28½ pounds, caught with a nine-strand line and a nine-ounce rod, and Lewis' 27½ pounds, caught with an eighteen-strand line. Lewis' tuna swallowed the spoon hook and was landed in ten minutes. Walker's put up a steady fight for fifty-three minutes, as classy a fight as an angler could ask. Walker handled the game fish superbly. By that catch he sets a new record for the Orange County Rod and Reel Club.

Jury Let Drew Caminetti Off Lightly on Charges in White Slave Case

CAMINETTI AND DIGGS SENTENCE ON SAME DAY

Wednesday, Sept. 10, Set for Sentence—Caminetti Out on Bail Bond of \$10,000

SAN FRANCISCO, Sept. 6.—Drew Caminetti will remain in San Francisco until Wednesday, when he will be sentenced for violating the Mann white slave law, by aiding in taking Lola Norris to Reno, Nevada, for immoral purposes. He was found guilty on one count of the indictment and was released on bond.

The jury was out three hours late yesterday and took eight ballots. From the first the vote stood 10 to 2 for conviction and finally the two recalcitrants agreed to compromise by finding a verdict of guilty on one of the four counts charged.

Had in the sum of \$10,000 was furnished by Frank Freeman of Willows, Cal., and J. Bacicalupi of San Francisco, and was ready to be filed with the United States Marshal when the verdict was announced. Wednesday, September 10, the day set for sentence, is also the day set for sentencing Maury I. Diggs, jointly indicted with Caminetti and convicted on four counts. Exceptions to the charge of Judge Van Fleet as a whole and in part were taken by counsel and a petition for an appeal will be filed, as was announced in the case of Diggs.

GUAYMAS HEARS LIND TO OUST BRYAN

Excitement Follows; 'Tampico' is Grounded With 1000 Troops Aboard

DOUGLAS, Ariz., Sept. 6.—Guaymas dispatches say there is considerable excitement there following reports that Envoys John Lind is to succeed W. J. Bryan as secretary of state in January.

The first origin of the report, which says the primary object of Lind's trip to Mexico City was to personally acquaint himself with Mexican conditions before assuming office, is unknown.

TAMPICO AGROUND AND REBELS HARRASS FEDERALS

D. J. GLAS, Sept. 6.—The Mexican gunboat Tampico, which is aground near Topolobampo with a thousand troops and a quantity of ammunition aboard, is being harrassed by rebels ashore, who have frustrated three attempts to land the federal soldiers.

GREAT DUCK HUNTING

APPLETON, Wis., Sept. 6.—What is expected will prove the greatest duck hunting season in Wisconsin opens tomorrow and hunters from all over the country are arriving in the state in great numbers today to participate in the sport. State game wardens encoined today that ducks have not been so plentiful in many years as they are this season. The season closes November 30. The season for prairie chickens, woodcock and plover also opens tomorrow.

JEROME FAILS TO ANSWER GAMBLING CHARGE—DEFERRED

COATICOOK, Que., Sept. 6.—Attorney William Travers Jerome failed to appear at the hour set for his hearing on the charge of gambling. His counsel entered appearance for him. The hearing was continued to September 11.

Continuing the case, Judge McKee said: "Jerome may think this is a suburb where he can gamble in the streets before our children. He will be prosecuted to the fullest extent of the law."

The International Bible Class
The International Bible Class (more familiarly known as Thomas's Bible Class) of the First Presbyterian Church will discuss the following question: "Man's Duty to God." Fortunately for us in this country there is complete separation of church and state. Some have mistaken the intent of this arrangement and have divorced God from politics. Hence when attending prayer meeting we see in the eye of our imagination over some church doors the sign, "Leave all politics behind, all ye who enter here," and over the door of the voting booth the sign, "Leave God and religion outside, all ye who enter here." How about this?

If interested, come tomorrow morning at 9:45 and you will find a warm welcome awaiting you. Come whether you are a church member or not, whether you have a creed or not. We are all brothers and sisters and you will find just what treatment.

HIGH SCHOOL WILL START NEXT MONDAY

Anaheim Plain Dealer: The school year of Anaheim Union High School begins on Monday of next week. Enrollment of scholars began Thursday and will continue up to 9 o'clock this evening. The enrollment is progressing in a manner that is highly satisfactory and leaves no room to doubt that the attendance will be much the largest in the history of the local school.

A new educational feature this year will be the adoption of a two years' college course, the work being the same as that of Berkeley and Stanford. This will permit high school students who intend to take a college course, to obtain two years of the work at the home school. That this higher education is going to prove popular among the students is attested in the fact that a number of last year's graduates have enrolled for the higher course.

Following is a personnel of the faculty and the relative positions: E. W. Hauck, Principal and Acting Clerk; Claude R. Prince, Vice Principal and History; Della J. Walker, English; Ottilie Stecher, German and Latin; L. Lucile Turner, Domestic Science; and Art; H. P. C. Lent, Commercial; Rose Osberg, Commercial, Physical Culture; Veda R. Walker, English, Oral Expression; Chris. A. Worsley, Science; Ben S. Millikan, Mathematics; M. Elizabeth Walter, Music, and Art; A. C. Hargraves, Manual Training and Domestic Methods.

HITTING PAGE HOUSE A DAY

Permits Show 5 New Houses
Started in the Last Week;
Building Notes

The expected activity in the building of new houses seems to have commenced. For a period during the summer while many people were taking their vacations, building of new houses let down for a time. The builders said that this fall the activity would be revived, and new houses would go up at the rate of one a day, which was the average kept up in Santa Ana during the last fall, winter and spring.

In the last six days five permits have been taken out for the construction of new houses. One of these is a \$2500 house, that is being built on North Main street near Eighth for J. J. Morse, who formerly lived here and who decided to return. On this job, carpenters have just finished putting on the rafters.

T. J. Alexander's fine new home on French street has just been occupied. This is one of the handsomest homes in the part of the city in which it is located. The interior finish throughout is white pine in the natural finish. George L. Wright's apartment house at the corner of G and Vance streets is now about ready for occupancy. Mr. Wright and his family will occupy the lower floor, and two flats upstairs will be rented.

This week brick-layers began their work on the one-story brick that the Spurgeon Realty Co. is putting up at the corner of Third and Spurgeon streets. The finish brick will be a light tan or cream to correspond with the finish brick on the building now occupied by the postoffice.

BUILDING PERMITS ISSUED DURING THE PAST WEEK

To M. A. Moesser, with L. N. Galbraith contractor, two one-story cottages and repairs on West Second.

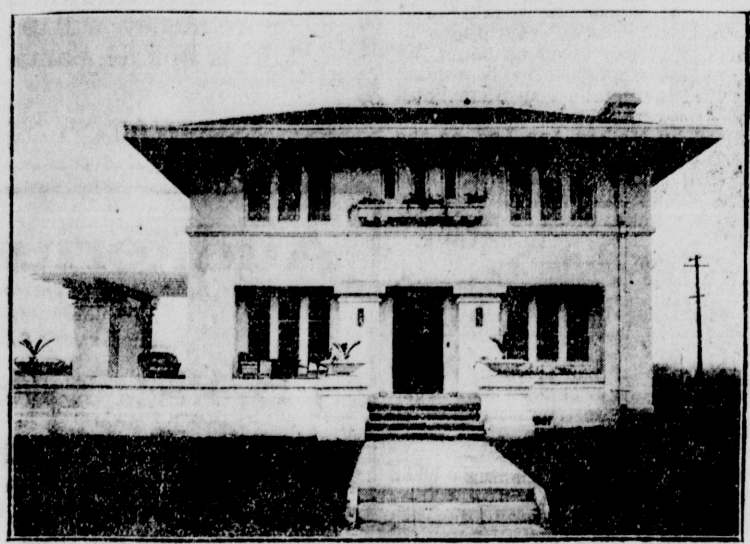

To W. H. Spurgeon, Jr., with G. E. Preble contractor, garage at 1617

To J. J. Morse, with Jerome Fulsom contractor, 7-room dwelling at 713 N. Main, \$2500.

To Chas. Liook, 5-room dwelling at 813 South Main, \$1300.

To J. C. Winans, with J. N. Osborn contractor, 6-room dwelling at 501 South Broadway, \$1500.

Much Admired Home of J. D. Wilson On S. Birch

An unusually attractive new house is that of J. D. Wilson, on South Birch street, corner of Bishop. It was designed by Architect Frederick H. Eley and built by Contractor McMillan. Simplicity and purity are the distinguishing characteristics of this beautiful home.

ODD FELLOWS OF FULLERTON ARE TO BUILD

They Will Expend \$10,000 in
New Two-Story Brick
Structure

Fullerton, Sept. 6.—The Odd Fellows of Fullerton have decided to begin the erection of a \$10,000 two-story brick building on their East Commonwealth avenue lot this fall and report that a lot of the stock has already been subscribed at \$10 a share. A corporation will be formed at once to take the work in charge. The building will have a frontage of fifty feet and will be modern in every detail. The upper floor will be used exclusively for lodge purposes and the first floor for a large storeroom.

Principal Brunton reports that the

Fullerton Union High School will open this month with an increased attendance. There will be about 150 students from the outside districts and 140 from Fullerton in the high school, and the junior college will start out with about twenty-five students. The Fullerton grammar schools will open September 15.

ANAHEIM ORANGES LEAD IN HIGH PRICE

Manager Sandilands of the Anaheim Fruit Association has received word that a shipment of Valencia packed by his concern, has established a new record in price for Anaheim oranges. Last week in the New York market, Mother Colony brand No. 1 brought \$7.50 per box, while for No. 2's \$6.75 was paid. These are top-notch prices for Anaheim fruit, a condition that is highly gratifying to Mr. Sandilands in particular, and members of the Fruit Association in general. Another high price recorded was that of \$5.50 received for Carnival Valencia, a third rate brand put up by the association.

The association's season closes next week. It will have shipped for the year a total of 295 carloads. Its product has been high in quality and prices received have averaged high. Altogether the season will be one of high satisfaction, for the small percent of loss of fruit by frost has been more than offset by prevailing high prices.—Anaheim Plain Dealer.

WALNUT CROP WILL BE A BUMPER ONE

The latter part of the month will see the harvesting of Anaheim's walnut crop in full swing. It will be larger and of better quality than last year, and growers are expecting a price of around 15 cents. Local orchards show less blight than in years and the nuts are exceptionally well filled.

The crop for Southern California is estimated by the Southern California Walnut Association to be 12,000 tons. Directors from these associations will meet in Los Angeles about the first of October and fix the price for the crop.

Independent buyers have been in the local field and made offers of around 14 cents for orchard run. To equal this price No. 1's should sell close to 15 cents, and this association members are expecting to get. The Anaheim crop will amount to about 150 carloads, most of which will be marketed through the local association.—Anaheim Plain Dealer.

SANTIAGO SHIPPING THREE CARS DAILY

Orange News: The Santiago packing house is putting out on an average of three cars per day of Valencia, which considering the lateness of the season, is considerable activity.

About fifty people are employed at the house at the present time. Of these, twenty-eight are girls employed in packing.

FOUNDATION LAID

Orange News: The foundation of the new Lutheran church was completed today and the carpenters will go ahead at once on the building itself. Duker, Loeschner & Miller are the contractors.

BOUGHT BRICK ON GLASSELL

A number of Important Activities on Foot for Street at Orange

Orange News: An important real estate deal was closed today through which E. H. Smith, jeweler and city trustee, purchased the D. C. Pixley block on North Glassell street, which is occupied by Lee's grocery. The consideration was \$5,000 and the L. W. Hemphill Realty Company is named as agent in the transaction.

In affirming the report today, Mr. Smith stated that he had no immediate plans for any changes in the building, but might consider something of that nature at some later date.

This deal is only one of several probable changes in the business district of North Glassell street. Among the proposed activities it is reported that a two-story brick building is about to be started on the Conrad property, directly opposite Smith's building and adjoining the Edwards block. A warehouse occupied by the Kogler Hardware Company has just been cleared off the property.

THE BROOM FACTORY AT HUNTINGTON BEACH

The Huntington Beach News of Sept. 5 contains the following notice: The VanWinkle broom factory will begin operations here on Monday and visitors will be welcome. No children under sixteen years of age will be permitted to enter the factory building unless accompanied by parent or guardian.

BIG LAND DEAL IS MADE AT STANTON

R. H. Shin has, according to reports, sold a tract containing nineteen and a half acres for \$16,000. The land is located near the corner of Hill street and Magnolia avenue. It is unimproved, but the soil is high grade. The purchaser is a Los Angeles physician who intends to build a fine home here. The land lies in one of the best sections of the city and with water and care will make one of the ideal homes of the whole section.—Stanton Optimist.

IS HAVING A HIGHLY SUCCESSFUL CAMPAIGN

The Anaheim Sugar company has completed the first month of its campaign with everything at the big factory going ahead in a manner that is highly satisfactory. The season is about one-third over, and better than 5,000,000 pounds of fine granulated sugar has been manufactured. The beets are running high in sugar content and an average of about 700 tons of beets per day have been crushed for the month. The settling tanks seem to have solved the sewage problem, for so far there has been but little odor arising from pulp or waste matter.

ENLARGING BUILDINGS

Well Known Firm Expend \$2,000 in Additions

Home thoughtfulness, energy, progressiveness and a desire to deal squarely with those whom one comes in contact, are some of the essentials characteristic of a prosperous, growing business, and such have been the methods of the Benchley Fruit Company from its inception, thus increasing business has made it necessary for this enterprising firm to build an addition to their packing house, making it 100x150 feet and fully equipped with all the modern machinery and appliances for the orange and walnut business this season. The other houses are being renovated, new machinery added and everything will be in readiness for the fall crop. These improvements will cost in the neighborhood of \$2,000, and is simply another demonstration of the confidence the Benchley Fruit Company has in the future of Fullerton.—Fullerton News.

First National Bank of Santa Ana

PAYS \$10,000 FOR THE LOT

That the building that F. Smith of Tustin expects eventually to build at the northeast corner of Third and Main streets is going to be larger than at first contemplated is indicated by the fact that this week Smith bought a 50x125 foot lot adjoining his property on the east. The purchase was made from A. Butz, the plumber, for \$10,000.

Smith recently bought the McClay property on the corner, where the Glenwood rooming house now stands. When he made the purchase he stated that it was his intention to put up a fine structure on the corner. The Butz purchase faces on Third street.

BEACH TOWN IS PLANNING STREET IMPROVEMENTS

Chairman A. W. Griffith of a special committee of nine members of the Huntington Beach Board of Trade, appointed to investigate the best plan for permanent improvement of Main and Seventeenth streets, on behalf of the committee has recommended a bond issue of \$22,000 by the city, of which approximately \$20,000 is to be used for building a 20-foot macadam road from Seventeenth and Clay streets to the junction of Seventeenth and Main streets, thence down Main street to the present paved street. The remaining amount, approximately \$2,000, is to be used in building the coast boulevard westward to the city limits. After some discussion, all favorable to the plan, the report was adopted by the board and Chairman Griffith was appointed to report the action to the city trustees requesting them to call an election to afford an opportunity to vote the bonds.

VANCOUVER MAN BUYS AT ANAHEIM

W. S. Mattholt, a gentleman of large means who recently arrived here from Vancouver, B. C., has purchased a 10-acre ranch south of Anaheim for which he paid \$9000. The place is set to walnuts and Valencia, and Mr. Mattholt will further improve it.

THE WEAKNESS OF COLLEGE ATHLETICS

The feverish excitement of athletics, the tendency to professionalism, the neglect of real work—these are evils that prejudice many conservative people against the modern college. Yet something worth while must have been done for physical culture in this country to attract the interest of the imperial commission just over from Germany to study our college systems of physical training.

These visitors will find some magnificently equipped plants for turning out educated men with sound bodies. These they may well copy. But if they look below the surface they will find, alas, that the principal product is a small group of highly trained athletes for inter-collegiate contests. The other students stand on the side lines and "holler." This may develop lung capacity but gives no general exercise.

If one of the picked band of athletes has a sore toe, the newspapers discuss the extent and progress of his ailment. But 500 men in the same university may be so neglecting their physical development, for which these enormously expensive plants are really given, that they could not walk five miles without becoming winded. Yet that fact is never mentioned.

One suggestion of the college athletic reformers, to provide a more general physical development of the men, is that no colleges be allowed to form college teams until the last month of the season, and that athletics previously be restricted to inter-club and inter-class competitions. That would promote more general athletic work, but imagine the uproar such a rule would create.

Why not require every undergraduate to spend a given amount of time each day in some approved athletic sport? Hundreds of college men who now walk out of the scholastic portals with flabby muscles and disordered nerves would then acquire some physical capital with which to begin their battle with the world.

CREDIT FOR THE FARMER

A bank man remarked to the writer the other day that few people know the financial burden carried by many farmers. The investor in farm mortgage commonly receives 5, 6, or 7 per cent. But the farmer may be paying 8 to 10 per cent. The difference goes to loan companies.

A hoodoo for a generation was placed on the farm mortgage business by the enormous losses formerly incurred by investors. Hosts of elderly people today will never forget them. They will always recall the days when every mail brought in bills for taxes, water privileges, foreclosure expenses, fees for sheriffs and lawyers, newspaper bills for advertising sales, and all kinds of expenses which the bankrupt owners of the land had thrown over.

All this still creates prejudice against farm loans, not justified by present conditions, but which still works against the farmer's interest. There is a general agreement that the farmer should have a better opportunity for legitimate advances, although there are radical differences as to methods.

Today the West is abounding in prosperity. It is almost able to finance itself. Just as workmen's compensation laws are being passed to save the expense of litigation and turn all the proceeds of damage payments over to the man who is injured, so the farmer should get the full benefit of the interest he is paying, without needless charges by loan companies.

In Germany, for instance, there are 12,614 rural co-operative banks. The members not only know each other, but see from day to day how their advances of funds are being used. This promotes conservatism. In France the farmer has been borrowing his money from the trolley trust.

Pacific Coast News Letter

WASHINGTON, Sept. 5.—Although Senator Works' bill providing for an additional federal judgeship for Southern California is still before congress, aspirants for the place are coming to Washington to present their claims. Milton K. Young of Los Angeles is the latest. Other candidates include Judge B. F. Bledsoe of San Bernardino, U. S. Commissioner Lynn Helm and Madison B. Jones and Drew Pruitt of Los Angeles.

A house sub-committee hearing on the bill is to be given within a few days.

Representative Knowland of Oakland has gone home on a brief visit, during which he will chat with old-line Republican leaders concerning governorships and senatorships and primaries and other hopeful items. He has received his share of invitations from friends in his district to get into the race for senator, but he has not seen any convincing evidence that a Taft man can win the nomination.

The report that Representative Hayes would try his fortune against Heney in the senatorial primary was a surprise to his Republican colleagues. He told them nothing of it when they met last week to name a member of the congressional campaign committee.

On the other hand, Representative Raker and Representative Kettner are suspected of wanting to run against Jas. D. Phelan for the Democratic chance at the Perkins toga, although they deny the charge. Kettner is a frequent visitor at the senate.

Tom Fox will probably be confirmed as postmaster of Sacramento on September 16, and the fight against him will be transferred from Washington back to California. A unanimous consent agreement to close the debate on his nomination at that time is reported from executive session of the senate, after two of the stormiest discussions that have marked the chamber gatherings of that body in years. The Progressive Republicans mercilessly scored Fox's character as a political leader and challenged the radical Democrats to save their party the responsibility of honoring him in a Progressive administration. Several organization Democrats defended Fox's name.

How far the fight for and against the Sacramento county chairman influenced the later outbreak of progressive Democrats against their organization when the income tax rates came up, is not clear. LaFollette, Works and Bristow, who with their friends had faced the combined Democratic strength, and the regular Republicans, challenged the same allies to increase the income tax rates for the very rich. The radical Democrats wavered and broke from the caucus bounds. They were impressed with the view which the people, electing senators next summer, might take of their easy treatment of the wealthy. They may have considered also the popular verdict on alleged political bosses.

Rudolph Spreckels is now arranging to take a hand in the congressional campaign in various states next year. The Fox incident, which by that time will probably have been published in one of the larger magazines, will be used by him to attack many of the

Democratic and Republican candidates.

Action is expected soon in the case of Edgar Battle, who was nominated for postmaster of Seattle early in the life of the new regime. He is a former classmate of Postmaster General Burleson, and is a brother of Richard Achilles Ballinger's law partner. The lawyer Battle was one of the "hand-picked" delegates who wrested control of the Washington state Democratic convention from the Wilson men last summer, and sent a Clark delegation to Baltimore. The nomination of Edgar Battle is ascribed to Hugh Wallace.

President Wilson held up the nomination upon protest from Senator Poindexter. It is still in quarantine, but the senate postoffice committee is about to choose a sub-committee to look into the matter.

That either Representative J. W. Bryan, Representative Falconer or Ole Hanson of Seattle will be the Progressive party candidate against Senator Jones next year is the latest guess of the Washington state delegation here. If Falconer is finally given a clear field at the primary, Bryan will run for congress against Representative Humphrey in Seattle.

Senator Poindexter is going to give active support to either Bryan, Falconer or Hanson against Jones, and it is probable that he will lend a hand against Humphrey, who is Jones' closest political confidant in the national capital.

Poindexter's recent speech in answer to the charge of nepotism made against him by a Republican newspaper in Seattle may be taken as an indication of the vigor with which the fight is to be waged.

Interest in the fate of the Seamen's bill, on which the senate debate will soon be renewed, is heightened by the fact that the commerce department has started an inquiry into the fire on the liner Imperator. The government wants to know whether the ship was efficiently manned when with more than 1100 passengers still on board, the flames were allowed to gain great headway.

Andrew Furuseth of San Francisco, preparing for what he believes is a long-delayed victory of the Seamen's measure, has taken from Col. Gracie's book, "The Truth About the Titanic," some remarkable statements as to the efficiency of the manning of that vessel. These extracts show that scarcely one of the twenty boats on the Titanic was fitted to its capacity with passengers and crew when it was lowered. The number lost was 1490; the number who could have been placed in the boats at their normal capacity was 1176 more than actually got away. Some boats with seats for 65 carried as few as 27 or 28 persons when placed in the water. Yet two and a half hours elapsed between the striking of the iceberg and the sinking of the Titanic, and the sea was smooth.

Furuseth is confident that his bill will be enacted into a law at the present session, and that in November it will be reported at the international conference on safety at sea, to be held in London, as the most important measure of protection since the Titanic went down.

WOMEN'S FADS AND FANCIES

By Margaret Mason

NEW YORK, Sept. 5.—A frill and a flounce with a sash in between are the three fashion fads that are bound to be seen on the smartest fall models for nineteen thirteen.

The best frocks are fashioned of soft crepe de chine, of linen or chiffon that's plain to be seen—through—and quite the most modish of colors is green in a soft shade of Bakst, if you know what I mean.

Really and truly a dress simply couldn't be made these days without a flounce, a frill and a sash. By flounce is meant anything from a peplum to a tunic or an overskirt. This is responsible for the new silhouette which shows width at the hips and narrowness at the heels.

Plaid as a trimming is a charming adjunct to many smart little fall frocks of blue serge or taffeta. If you are a canny lass with a Mac to your name you will choose your own personal clan plaid for your apparel garnishment and thereby fill with envy those unfortunate who cannot thus turn their family crests to sartorial account.

All over plaid gowns of either wool or silk are also very good but in combination with a one-toned material the bright coloring of the plaid is the most effective.

Queer color combinations are still rampant for fall but on a much more subdued scale than what we have been lately suffering from. For instance the combining of two shades is much more to be desired than a mad conglomerate of several. Violet with old blue is an artistic combination and black with emerald green very chic. Gowns with a blouse of one tone and a skirt of a contrasting shade divided with Oriental looking girdles of the two colors are most unique. One with a copper silk waist and a dull blue skirt has the bodice fastened in front with a half dozen lapis lazuli buttons mounted in copper, a wide girdle of copper and blue fastened low on the right hip. The three-quarter sleeves are banded in the same material as the girdle and an upstanding frill of ceru net outlines the very low V neck.

Appropos of the inevitable low neck, the first cool days are hatching out ostrich feather boas and dogcollars funds for 4 3-10 or 4 3 per cent. But in progressive America he has often had to pay 8 and 10 per cent, as the result of antiquated banking laws and lack of initiative.

OLD WORLD NOTES

BERLIN, Sept. 6.—Prince A. von Sayn-Wittgenstein today announced that he will make it a part of his life work to drive the white slave dealers out of Germany. It is well known that Germany, particularly the peasant districts, is a rich field for the slavers who engage girls on various promises and pretenses and ship them to resorts in Argentina, Brazil and the United States. The Prince has begun his campaign by issuing a monthly publication entitled "The Slave Market," the purpose of which is to expose white slavery and instruct German girls regarding the wiles that are laid for them.

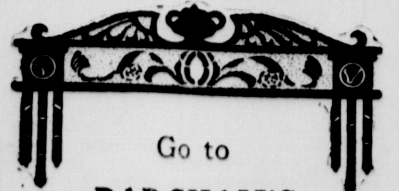

BELGRADE, Sept. 6.—The blight of war today still rests on the Serbian capital. In the past ten months there has not been a single wedding here, and the only articles in the shop windows that attract attention are nursing aprons and bonnets, plain cotton frocks suitable for hospital wear, and crepe.

BERLIN, Sept. 6.—Announcement was made today that the troops who will engage in the annual "war play" of the Kaiser maneuvers, which will take place in September, will be accompanied by a "weather observer." It is the first time in history that a "weather prophet" will be attached to the headquarters of an army in "war." It will be his duty to observe and predict the weather and particularly to warn the airships and military aeroplane squadrons of impending bad weather.

MOSCOW, Sept. 6.—There is much popular indignation here today over the action of the police at Kasimoff in stopping a football match on the ground that it constituted an "illegal assemblage." An assistant commissioner of police with a squad of constables invaded the field in the midst of the game and ordered the players off. On their refusal to leave, the police yanked up the goal posts, confiscated the ball, and then arrested the members of the two teams. The magistrate later released the players and restored their property.

PARIS, Sept. 6.—Auguste Rodin, the world-famous sculptor, though 73 years old, today announced his intention of going to Rheims to take the course in athletics provided by the College of Sports, the national institution for training Olympic athletes. Rodin is the president of the College of Athletics, his greatest desire being to see France beat all nations, save the United States, at the Berlin Olympiad in 1916. He declares America outclasses other countries, hopelessly in athletics. His purpose in going to Rheims is to benefit his own health and get a line on what France is doing in the way of preparation for 1916.

Night School opens September 1 at Orange County Business College.

Editor Register: I noticed in the report of the Christian Science lecture on Tuesday evening the gentleman who introduced the speaker said that Christian Science was unique in the history of the world as being the only religion organized by a woman. I think he is mistaken, as Shakerism, if not discovered by a woman, was organized by Mother Ann Lee, as she was called by her followers, in the eighteenth century in America. Also modern Theosophy owes its organization to a woman, Madame Blodotsky. A READER.

ABOUT THE HOUSE

Spirits of wine will clean soiled silk embroidery. Dip a camel's hair brush in it and brush the trimming until all dirt is removed.

Eggs are more nourishing when cooked by being covered with boiling water and allowed to stand for five minutes than when boiled for three minutes.

When shaking heavy rugs hold from the sides. If possible, spread them wrong side up on the grass and beat to dislodge the dirt, then brush off and hang up to air.

To remove a fishbone from the throat, cut a lemon in half and suck the juice slowly. This will dissolve the fishbone and give instant relief.

Often a machine needle which has a turned or blunted point may be made as good as ever by rubbing it back and forth a few times on a whetstone.

In baking biscuits, have the oven quite hot at first, but lower the temperature just a little before the biscuits are ready to take out. This will add materially in making the biscuits light.

Cheese may be kept from going mouldy by wrapping it in a cloth dipped in vinegar and wrung nearly dry. Cover the cloth with a wrapper of paper and keep in a cool place.

To prepare pineapple cut it through the center after removing the leaves. Then take a tablespoon and scrape out the pineapple. You can prepare them quickly this way with scarcely any waste.

Can't Afford to Have Kidney Trouble
No man with a family to support can afford to have kidney trouble, nor need he fear it with such a remedy at hand as Foley Kidney Pills. You can not take this honest curative medicine into your system without good results following. It cleans out and builds up the kidneys, and makes them able to strain out of the blood the impurities that cause backache, weak back, sore, inactive kidneys and sleep-disturbing urinary troubles. Dinner Party Brought Together Old Classmates to Hear of Engagement

In honor of the approaching nuptials of Miss Etta Crawford, who is to be married soon to Edwin Robinson of Los Angeles, a pretty dinner party by way of announcement of the betrothal was given last evening by Mr. and Mrs. Leslie McBride at their residence, 1611 East Fourth street.

Exquisite Maman Cochet roses were used with ferns in decorations of both house and table. The dinner was served at seven o'clock in four courses and as the guests were members of the '05 class of the Santa Ana High School, the company was entirely congenial and table chat was animated. Covers were laid for eight, including the host and hostess. The guest list included Miss Etta Crawford, the bride-to-be; her fiancé, Mr. Robinson; Mr. and Mrs. Gus Eggert of Los Angeles; Miss Edith Stanley, Miss Della Hillard.

Miss Crawford, the honoree of last evening's affair, is a well known Tustin girl, and Mr. Robinson, formerly of Santa Ana, is an employee of the Los Angeles postoffice.

Michiganers Will Picnic

The Michigan State Association of Southern California will hold its semi-annual basket picnic at Bixby Park, Long Beach, Saturday, September 20th. This promises to be the largest picnic ever held by the association. A special program is being arranged. The Municipal Band of Long Beach will furnish the music.

Guests of Candy Company

Yesterday C. M. Lewis, the North Main street grocer, his wife and daughter Daisy, motored to Los Angeles, being the guests of the Bishop-Parker Candy Co. They were shown all through the large factory from basement to top floor, and Mr. Lewis said he doubts if there is a cleaner kitchen in Santa Ana than the factory.

They returned last evening, the Bishop company sending for them and bringing their home.

First Meeting for Season

The first meeting of the Ladies Aid of the First Presbyterian Church was held Friday afternoon in the church. A large number were present. All were very enthusiastic over the prospects of a larger dining room and kitchen and started in with renewed zeal to do their part.

The next regular meeting, October 3, will be a "Dollar Social." Mrs. Zimmerman cordially invited the society to meet in her home, each member to tell how her dollar was earned in rhyme or drawing. Owing to work in kitchen, the society adjourned without refreshments.

After what has been the busiest summer the Conservatory has ever had we are getting into line to do the biggest and best season's work that we have yet done.

If you are at all doubtful of this fact, just watch for our 1913-1914 announcement, which will be issued in the near future. Those contemplating music study will do well to wait for it or to come to us now for full information of our plans. You may enroll now to good advantage.

Watch this space for new announcements.

SHOWER FOR MISS SMITH

Girl Friends Bestow Pretty Gifts on Popular Girl Soon to Enter College

A unique and pretty affair was given last evening at the French street home of Mr. and Mrs. H. McPhee with Miss Claire McPhee as hostess. It was a shower for Miss Georgia Smith in anticipation of her early departure for Pomona College, the gifts all being appropriate for her room.

The company of last evening included only a small company of girls but a most merry time was had. The principal feature of course was the hunt for the gifts, which were all concealed. Miss Georgia, however, succeeded in discovering every one of the dainty articles, which included towels, a dresser scarf, dresser trays and similar accessories to a college girl's room. Everything was in blue and white, and each gift was ornamental as well as useful. Miss Georgia was aided in her search by piano music, the strains being loud when she neared one of the hidden articles, but growing soft as she wandered too far afield.

A book of pictures, prophetic of the life Miss Georgia would live at Pomona, was made up from pictures cut from magazines by the guests and pasted on the blank pages of the book. When finally completed and presented to the to-be college Freshman, the picture series told an interesting story. In addition to these two important features of the evening, a jolly game or two was played before the dainty refreshments were served.

Besides the hostess and the honoree, there were present Misses Ramona Cleveland, Helen Carden, Helen Remsburg, Elizabeth Givens, Helen McKean, Lillian Walker.

Return From Outing

Mr. and Mrs. H. Clay Kellogg and family have returned from a delightful outing at Newport Beach. They entertained as house guests while there, including Mrs. Pearl Walker, Andrew and daughter Zelma and son Ronald, of Pasadena; Mrs. Kellogg's sister, Mrs. Minnie Kellogg Elvyn and daughter Emma Louise, Mrs. Elvyn being the principal of the Paso Robles school at Los Angeles. They also entertained Mrs. Lucy Clark Dixon, an old-time friend, of Burbank, California, who accompanied the family to Santa Ana for an extended visit.

Next Tuesday, September 9, Admission day, being Mr. Kellogg's birthday, the Kelloggs are all going to Corona to celebrate by taking in the auto races. Mr. Kellogg laid out the town of Corona in 1886, and planned the circular boulevard that is attracting the automobilists at this time, as an ideal racing course.

The Kelloggs have plenty of room for themselves and friends in property located on the "home stretch." Mrs. Kellogg owns a block at the corner of Seventh street and the boulevard, and Mr. Kellogg owns one at the corner of Sixth street and the boulevard.

A Birthday Dinner

Mrs. H. L. Cole of 1701 East Pine street entertained at noon today with a prettily appointed birthday dinner given in honor of her husband's mother, Mrs. M. C. Cole.

Lavender asters adorned the table and house and a handsome birthday cake, with candles, was the principal attraction of the dinner. Covers were laid for Mr. and Mrs. Cole, Mrs. M. C. Cole, the honoree; and Mrs. Cole's mother, Mrs. M. J. Hoffman, and Mrs. A. L. Havens.

Church Reopened

After a month's vacation the Unitarian Church resumes its usual services tomorrow. There will be two services, one at 11 a. m. and the other at 7:30 p. m.

All demands of automobile buyers are fulfilled in the 1914 Buick.

CALENDAR SOCIAL

Baptist Ladies Close Pleasant Series of Cash-Raising Events Last Night

Over one hundred people joined in the final one of the Calendar Socials that have been given through the past year by the ladies of the Helping Hand in order to raise money to assist in the building of the \$43,000 church edifice which is now under way. The affair of last night was held on the lawn of the W. W. Crosier home which was lighted with electric lights throughout the evening, this illumination being later supplemented by the ruddy glow of bonfires.

The program was a musical one and was made up of vocal numbers rendered by a quintette of men including Messrs. Benjamin, Hickox, Govan, Van Cleave and Williams and of instrumental selections played by a string trio of mandolin, banjo and guitar in the hands of Messrs. Stevens, Dolbee and Roy Elliott. There were also various stunts such as that of guessing silhouettes, and a "spiral shake-down." The latter was not a dance as might be inferred from the festive title but consisted of the advance and return of a circle of people who shook hands with all they met on their return from a certain line. It was a cordiality feature that developed a good-fellowship feeling. Then there was a contest between the men and the women in the way of whistling after they had eaten crackers. A nail-driving stunt for the women and a sewing-on-buttons test for the men produced the most uproarious laughter of the evening. A children's contest in which they were blindfolded and given ships to pin on a surface with sky and water division proved amusing as the ships were more likely to be sailing through the sky than on the water.

Fruitade was served through the evening and "weenies" were roasted over the bonfires. Rolls and hot coffee were served with the "weenies." Altogether the last Calendar Social was a rousing success socially. It was also a good money raiser and the amount taken in last night made the yield of the socials for the year total \$425.

"Y" Meeting

The September "Y" meeting will be held at the home of Verne and Ellis House, Lyons street, on Monday evening next. All are asked to meet at the Wells home, 210 South Broadway, at 7:30 p. m., where conveyances will be ready to take the party to the House residence. A good program with music, and the first lesson in "Civics" by the leader, Maurice McElree, has been promised. All interested are invited to be present.

Came from Riverside to Wed

The Rev. Paul Wright was the angel for a Riverside couple coming from Riverside this morning to get married. He pronounced the ceremony which made them one at 11:30 o'clock this forenoon, after which the young people went on their bridal tour to Balboa. The contracting parties were L. E. Sifton and Miss Ellen Lilburn, and they were accompanied by Mr. and Mrs. Stuchberry and Miss Stewart.

Celebrated Birthday
Master George Harold Law, son of Mr. and Mrs. George C. Law, 1510 Durant street, was six years old yesterday and in order that he might have the best time possible, Mrs. Law invited a number of his little friends to spend the afternoon with him. The children had a merry time playing out-of-door games.

Later in the afternoon the small host and his guests were invited into the house to partake of pink and white ice cream and cake and to watch Master George Harold light and then blow out the candles that illuminated the pretty birthday cake that adorned the table.

The little ones who aided the young host in the celebration of his birthday were Edward Foss, Norman McClay, Ruth Newman, Marguerite Wilson, Hazel Stockton, Marguerite Stockton and Edna Foss.

PAY \$100,000 FOR A RANCH

Ed. Farnsworth's Property Has
Been Sold by Him to Bor-
chard Brothers

TALBERT, Sept. 6.—Ed. Farn-
sworth has sold his home ranch to
Borchard Brothers for \$100,000.

Jacob Kozina is putting in cement
pipes to irrigate 200 acres of his land.
The grammar school will open next
Monday, Sept. 8.

S. E. Talbert, with Mr. and Mrs.
Joe Miller, motored to Pasadena last
Tuesday.

Mrs. Therman, who has been at-
tending the Holiness camp meeting,
returned with her daughter, Mrs. S. E.
Talbert, again.

Mrs. Mary Bertram, with her brother,
A. P. Shaw, went to Mt. Lowe
last Monday.

Children's day exercise was held
at the local Methodist church last
Sunday morning. The program was
splendidly gotten up and the children
did credit to themselves as well as to
the ones who had them in charge.

The songs and recitations were above the
average. At the close of the service
seven children were baptized and five
adults received into the church.

H. C. Umstead has sold his ranch
of 40 acres to Mr. Nelson from near
Santa Ana for \$14,900. Mr. Nelson
will build a fine house on it soon. Mr.
Umstead will move to Los Angeles
on Monday.

Mr. and Mrs. John Pettit spent
last Sunday and Monday visiting S. E.
Talbert.

H. W. Mathews is spending this
week in Los Angeles with his brother-
in-law, John Shaw.

The revival services which have
been going on this week at Bolsa
will close Sunday night. Good crowds
and much interest has been manifest-
ed in the meetings. A special service
for the children will be held Sunday
afternoon at 3 o'clock.

dren, who have spent the past month
in the northern part of the state, re-
turned to East Newport the early part
of the month, and will remain until the
opening of school time.

The Misses Eva and Ida Eaton, who
have been spending the summer at
East Newport, left this week for
Riverside, where they will be guests of
their father and family for a few
weeks.

Mr. and Mrs. John Pazianer and
family are here from Los Angeles for
the month of September, and have
rented a house on Fourth street.

Prof. Cook, who has recently pur-
chased the Quinn home on Lindo ave-
nue with his family is spending a
month at his new home.

A. G. Kendall of the Farmers &
Merchants Bank of San Bernardino,
and C. D. Van Wie, county auditor of
San Bernardino county, were visitors
at East Newport over the past week
end.

Mrs. Royal Bumstead and little
daughter, and Mrs. Wimpess and
Miss Maud Waid of Riverside, are

son of Los Angeles occupied their
home on Surf avenue over the past
week end.

Mr. and Mrs. Douglas L. Edmonds
of Pasadena are occupying the Brown
cottage on Bay Island for a time.

BUENA PARK NEWS ITEMS

(From the Fullerton News)
We are glad to report that Mrs.
J. S. Rose has recovered from a long
illness.

Mr. T. L. Marsh has returned to
her home at Tropic.

Mr. and Mrs. C. A. Preston and Mr.
and Mrs. Parker, of ninth street, spent
a very pleasant Friday evening with
Mr. and Mrs. C. J. Allen.

Mr. and Mrs. C. J. Allen and Mr.
and Mrs. Klahn had a pleasant visit
with Mr. and Mrs. W. G. Loughboro,
Sunday afternoon.

Mr. Jacob Shuffer, of Pasadena,
was a business visitor at the Park on
Monday. He came down to inspect
the electric wiring of his house, now
occupied by Mr. C. J. Allen.

Miss Margaret Martin will leave
next Thursday for an extended visit
to many eastern cities, possibly as
far as the Atlantic coast. She ex-
pects to spend the greater part of
the winter at Pittsburgh, Pa., and
Youngstown, Ohio, scenes of her
childhood days.

Mr. Henry Warren, wife and family
recently returned from a ten days'
camping trip in the mountains. The
trip was made by auto and without
accident—this was the first long trip
since purchasing his fine new car.

Five of our high school students
will enter the Fullerton High School
this year. Fullerton's schools rank
among the best in the state, and we
are thankful that she has spread
forth her broad and protecting wings
and bade us nestle beneath them.

The citizens of the Park will be
sorry to learn that Mr. J. A. Murray,
who recently removed from here to
Hollywood, is now in very poor
health, and has been advised by his
physician to remove to a higher alti-
tude.

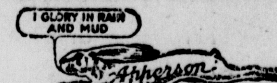

The grim reaper has come and
claimed Mr. Joseph Herod, a connec-
tion foreman of the Standard Oil Co.,
at Northham Station. He was well
known to his employer and an expert
mechanic. He died at the Fullerton
Hospital last Wednesday
evening, from an abscess on the lungs.

Adenoids Are a Menace to Children.
Babies and young children must be
carefully watched for the growth of
adenoids, which spoil the mental and
physical life of a child. They usually
result from a succession of colds and
throat irritations, and their presence
is so productive of harm, that many
school boards have an examining phy-
sician to detect them. The conditions
that cause them may be easily avoid-
ed by careful parents. Quickly and
thoroughly cure all colds and throat
irritations by the use of Foley's Honey
and Tar Compound, and adenoids will
not develop. Rowley Drug Co. and

Makes Buildings 30 Degrees Cooler

On a hot summer day the
temperature in the upper part
of a building covered with
J-M Asbestos Ready Roofing
is from 15 to 30 degrees
cooler than with any other
roofing. The white asbestos
surface reflects the heat instead
of absorbing it and transmitting
it to the rooms below.
This is only one of the
exclusive features of

J-M ASBESTOS
ROOFING

Besides making a building
cooler in summer and warmer
in winter, it is the only
ready roofing that never needs

CLERK HOLDS
CHURCH MONEY

Anaheim Congregation Turns
Last Payment Over to Clerk
for Settlement

County Clerk W. B. Williams is not a missionary, but this morning he received \$95 from the Bethel Baptist church of Anaheim. The money is not due the clerk, but is money due from the church on a contract that has caused considerable trouble for the church.

Last October O. Lagman, a contractor, agreed to do building for the church for \$2700. Lagman failed to pay some of the carpenters and subcontractors, and F. R. Lagourette, as assignee, brought suit against Lagman and the church on a mechanic's lien. Today the church filed its answer through Attorneys Tipton & Cantor, alleging that Lagman gave a bond in the U. S. Fidelity & Guaranty Co. and that according to contract \$600 of the contract price was held out. This sum is turned over to the court awaiting disposition of the case.

Would Sell Cement
The Board of Supervisors today re-

ceived a letter from C. H. Plummer, purchasing agent of Los Angeles, stating that Los Angeles county contemplates buying the Monolith cement plant for \$500,000. The plant produces 1000 barrels a day, which is more than the county can use. Plummer wants to know if this county will buy some of the cement at cost. The county has already contracted for the cement to be used in the highway system.

Plans Are Received

Today County Clerk Williams received ten sets of plans submitted in the competition for plans for the proposed concrete bridge across the Santa Ana river at Olive. The plans will be opened on Sept. 15.

N. H. Leonard, with W. H. Thomas as attorney, has petitioned for letters of guardianship upon the estate of Gerald J. and Paul K. Schwenk, twins, aged 14. The estates are valued at about \$900 each.

GOLF IS POPULAR
WITH CHICAGOANS

Windy City Divides Devotion
Between Golf and Always
Beloved Baseball

CHICAGO, Sept. 6.—Golf—as a sport for all classes—threatens to enter into active competition with baseball, with the extension of golfing facilities in Chicago parks next year. Father, mother, sister and all the grown-up brothers are taking keen interest in clubbing the little white ball over the public courses at Jackson Park.

Time was when golf was distinctly the pastime of Chicago's leisure class and it was only a few years ago, fashionable country clubs, accessible only to owners of automobiles, held all the links around the Windy City and the average bookkeeper or store clerk knew nothing of the game save what he read in his newspaper.

All that has been changed. Jackson Park has two courses—one of nine and one of eighteen holes. Lincoln Park is to have public links next year and other recreation grounds may be provided with courses if the park commissioners are successful in negotiating for additional land.

To get an idea of the extent to which Chicago has taken to golfing it is only necessary to spend a Saturday night at the golfers' shelter at Jackson Park—a night running into the early hours of Sunday.

Enthusiastic golfers begin arriving at the shelter before midnight to get an early start around the links. Every elevated and surface car arriving off the park thereafter brings a player or two to swell the number before daylight. When the park officials give out the numbers there are, as a rule, at least 150 persons waiting their chance to play.

There is never a squabble for position among the first arrivals. The first man on the ground takes his nap on the ground at the extreme right of the shelter. Number two falls asleep with his bag of sticks as a pillow—and so on down the line, until the numbers are given out at day-break.

The players tee off at intervals of three minutes. All day long they stream about the course while late arrivals doze in the shade of the shelter awaiting their turn. Play continues over the two courses until it is too dark to follow the flight of the little white ball.

Stylish glasses make you appear dignified and prosperous. We make them. Dr. K. A. Loersch.

OLD NEWPORT
CHARIVARING

OLD NEWPORT, Sept. 6.—Saturday evening, Louis Walton and his bride were given an old-fashioned charivari by his friends and neighbors. Walton had prepared for the occasion, and after the noise and a few games, coffee, cake and cigars were served.

Rev. Burtischer gave a lecture in the schoolhouse, Tuesday evening, entitled "The Pursuit of Happiness." Ruth Armstrong sang a solo, and Mrs. Burtischer gave some of her popular child impersonations.

Miss Edith Ould came down from Los Angeles to spend a couple of months with her parents, Mr. and Mrs. E. C. Ould.

Mrs. S. Kuffel, Mrs. Frank Best, Mrs. H. A. Tedford and Miss Bertha Armstrong attended a luncheon given by Miss Margaret Ore of Santa Ana, Tuesday.

Miss Janet Reed of Santa Ana spent a couple of days with Gladys Ellis last week. Gladys went to Santa Ana with her, and spent several days with Mrs. Smith, Gladys' grandmother.

Mr. and Mrs. Adams of Pasadena spent the first part of the week with Mr. and Mrs. W. J. Burtischer.

Mrs. Pickering went to Los Angeles to spend several days with her brother, before school starts.

Ernest Wakeham, wife and babies, and Mrs. D. G. Cole were visitors at H. L. Wakeham's home Thursday evening.

Mrs. Lockett and daughter Kate spent Friday at J. B. Lockett's home.

The school house and grounds are being cleaned, preparatory to beginning school Sept. 15. Mrs. Pickering of Los Angeles will teach.

SUFFRAGISTS TOUR MISSOURI

ST. LOUIS, Mo., Sept. 6.—With women to east of them and women to west of them permitted by vote, Missouri suffragists today are touring the state in a campaign for the vote. The speakers are led by Mrs. Walter McNabb Miller. One of the features of the state-wide campaign is the circulation of petitions to get the required 23,000 signatures to secure a vote on the proposed amendment. The equal suffrage bill passed the house at the last session of the assembly but was smothered in the Senate committee. Suffragist leaders openly claimed that they had been "double crossed" by the upper body, for after the bill had been favorably reported to the Senate and sufficient votes to pass it had been promised, the measure was mysteriously referred back to the committee on a technicality and a second hearing ordered. The women refused "to be made fools of," as they put it, by going into a second hearing, and the measure was pigeon-holed.

\$250 CASH PRIZES WILL BE
GIVEN FOR CARD DESIGNS

Prizes amounting to \$150 will be given by the 700,000 Boosters' Club of Southern California, for the best design of a picture post card to most effectively advertise fifteen cities of Southern California, included in the 700,000 Boosters' Club organization. These are the cities:

San Diego, Riverside, San Bernardino, Redlands, Pomona, Whittier, Anaheim, Fullerton, Santa Ana, Colton, Santa Barbara, Bakersfield, San Luis Obispo, Imperial, Ventura.

A separate design is wanted for each city. Ten dollars in gold will be given for each accepted design, one for each city, to effectively advertise each city.

The purpose is to secure, by friendly competition among the ingenious or artistically inclined residents of each of these cities, the best and most distinctive feature, featuring the advantages of beauties of each city, and most effectively advertising to all the world, wherever the mails go, that Southern California is the best place to live, to work or play, or to invest.

If suitable designs are obtained by means of this contest, it is proposed that they be handsomely printed in colors by the club, and distributed to each city, at the very lowest possible wholesale rates, bringing them within the reach of all, and providing the residents of these cities with the very best possible picture post card, in which every public spirited resident of the beautiful Southland will take pride and feel a personal interest.

est, because made for them and by them, for an express purpose of presenting distinctive and interesting features of Southern California, and their own city.

The competition is open to all. The merit of the designs submitted will be determined by a disinterested committee appointed for that purpose. Designs will be received until September 30 next. The name of the designer of each accepted design will be printed on a card. The designs must be original and effective "pullers." No design heretofore published will be awarded a prize. Designs may be made in pen, pencil, colored drawing, or photograph. Decisions will be made entirely upon the originality, the merit, and publicity value of the designs.

Send all designs, with letters giving full name and address, to the 700,000 Boosters' Club of Southern California, 431 Herman W. Hellman building, Los Angeles, Cal.

The competition closes September 30, 1913.

Public notice of further contests, for other cities of Southern California, will be given in the near future. This organization has also determined to offer a cash prize of \$2500 for the best Southern California song that the poets and musicians can produce. The rules for this song contest will be ready for publication in a few days. The prize money is already guaranteed by one of the enthusiastic members.

OFFICERS SEARCH
YORBA FOR HOMBRE

FULLERTON, Sept. 6.—Under Sheriff George Law, County Jailor Dean, Deputy Sheriff O. H. Schumacher and Constables M. Boissier and Walter Schumacher were on a man hunt from midnight Thursday until 3 a. m. yesterday. They are making a desperate effort to run down a Mexican named Valencia, who has served a term in state's prison. He is wanted on charges of rape and burglary in Orange county. Valencia is accused of having robbed a number of houses in and about Yorba during the past few days and is said to have been seen in that section Thursday, but it is claimed he has friends and relatives up there, some of whom refuse to give out information which will assist in running down the alleged outlaw. One man who is said to have been robbed by Valencia will not assist in locating Valencia, who has been out of the penitentiary ten months, and they went to that point carefully looking along both sides of the river today, but failed to get any trace of their man. Valencia is about 20 years of age and is said to have been released from state's prison some time ago on parole.

Get Rid of the Torment of Rheumatism
That you can do by ridding yourself of the cause. Weak, sluggish, inactive kidneys allow the uric acid crystals to circulate in the blood, and these lodging in the joints and muscles, cause rheumatism, lumbago, and stiff, swollen aching joints. Foley Kidney Pills ease your pain and torment from the time you begin taking them. They positively and permanently build up the kidneys, restore their normal action, and strain out the uric acid crystals that cause rheumatism and lumbago. Try them.
